Wrocław Dances! April to September 2026 Programme

Wrocław Dances! is a season of dance events that will run **from April to September** in the city of Wrocław, opening on International Dance Day with the seventeenth edition of the Circulations Wrocław Movement Festival (29 April – 5 May).

The month of May will primarily see dance workshops and presentations held at Centrum na Przedmieściu. In June, dance will become part of the Wrocław Festival celebrations, with the premiere of the ballet *A Midsummer Night's Dream* at the Wrocław Opera (13–19 June) and the twentieth jubilee edition of the Mandala Performance Festival (25–30 June). In July, dance will feature in the programme of the New Horizons International Film Festival (23 July – 2 August).

These are just a selection of the events that will make Wrocław dance through the summer. Throughout the season, there will be dance parties, workshops, open classes and presentations – including intergenerational and senior citizen events.

Wrocław Dances! has an open-structure programme which is continuously complemented with new suggestions from the public. Ideas for dancing activities can be submitted via an online form from 29 April. Several events will be part of the Polish Dance Platform programme taking place at the end of the season.
